IN-CAMP SUPPORT Offered weeks 1-7

Camp is fun for everyone! At the Westfield Area Y, we believe camp should be inclusive, providing as many opportunities as possible for children to join in the camp fun. In-camp support helps us to achieve this goal by operating within the traditional Y camps each summer. Each camper who qualifies is matched with an aide who is able to provide support as needed throughout the camp day. Some examples of modifications/accommodations our aides are able to provide are:

- Opportunities for breaks from the main group/activity
- Picture schedules/interactive schedules
- Direct prompts and assistance when preparing for transitions
- Use of sensory toys
- Extra time for transitions

In an effort to extend this opportunity to as many children as possible, we are only able to guarantee that an aide will be assigned to a camper for two weeks of camp. Beyond two weeks, we can only offer support if we have appropriate staff available. If you believe your child might benefit from our in-camp support, please reach out to us as soon as possible to see if our aide would be able to provide the appropriate support needed to help your child have a fun, and successful, camp experience!
