10:30am Second Activity

11:45am - 12:00pm Pick up on the Bauer Building front lawn

## Welcome to Science Camp!

### Science Challenges

You child will work individually and on teams to tackle challenges employing science and engineering. Lessons include demonstration, discussion, hands-on, and open-ended science activities of measurement, inquiry, design, competition, and play. Your child will learn, discuss, practice, and witness the scientific method in action.

### Meet the Staff

My name is **Ross Pohling** and I will be the Young Scientists director for the 2026 science camp season. I've worked with the Westfield Area Y summer camp on-and-off since being a camper myself. I'm also a high school physics teacher. Counselors Caitlin, Ariel and I look forward to a summer of building, measurement, and experimentation. Here's to an incredible summer of challenge and discovery!

## What is needed for camp?

### PREPARE FOR ACTIVITY!

Sneakers and socks, t-shirts and shorts are best. No open-toed shoes, sandals or crocs. **A water bottle is necessary.**

### PROTECT FROM SUN!

Although we have indoor space, outdoor activities occur including a weekly walk to Mindowaskin park. **Apply sunscreen on your child.**

### NUT-FREE SNACKS!

We take a break between activities for your child to have a snack brought from home. **NO PEANUTS OR TREE NUTS.**

### IMMERSE IN SCIENCE!

Ask before bringing a toy. **Technological tools stay at home** and experimental supplies stay at camp. **Label belongings.**

### Drop Off and Pick Up:

Pick up and drop off will be on the front lawn of the Robert and Virginia Bauer Family Branch Y building.

Please have your I.D. when signing your child out. Pick up ends at 12:30pm, so please plan accordingly.

### How to Contact Us:

For Camp Secretary & Absences:

908-301-9622 Extension 405

Bauer Building is Located at:

**422 East Broad Street, Westfield NJ**
